

# Installation 1 of 2 (1st Part: Lianja App Center)

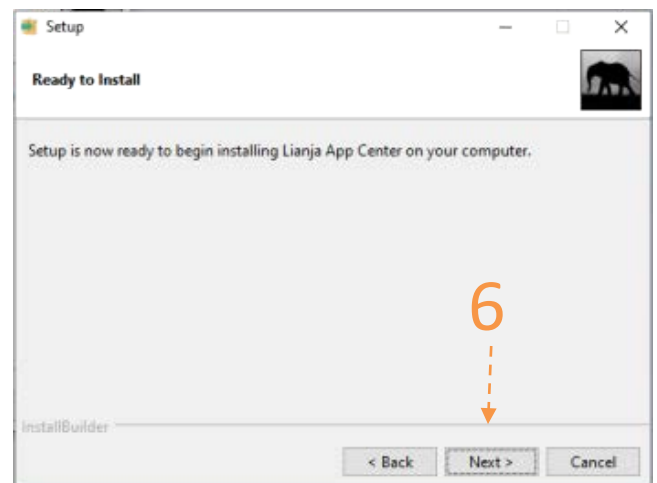

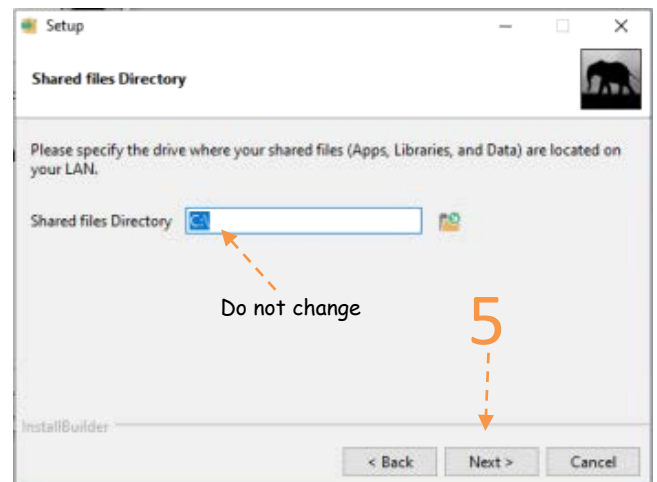

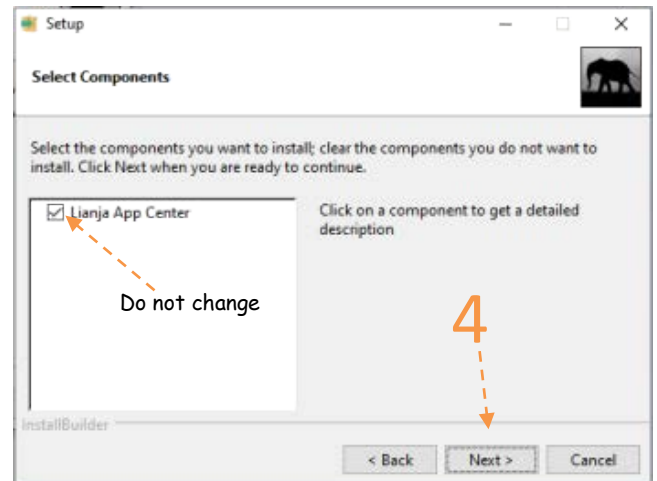

## Readme File

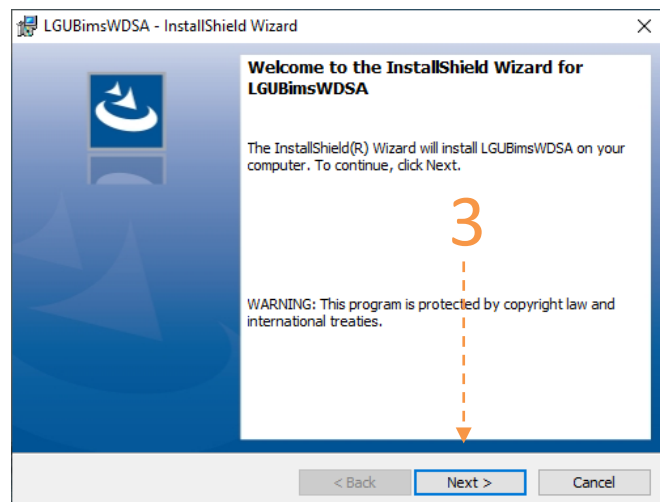

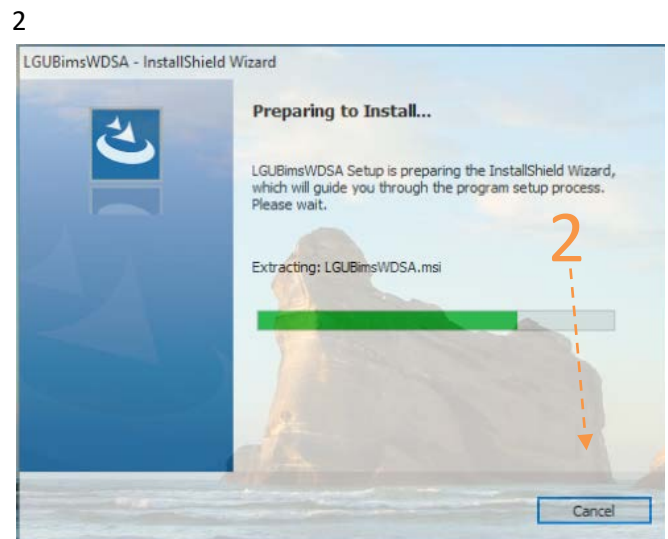

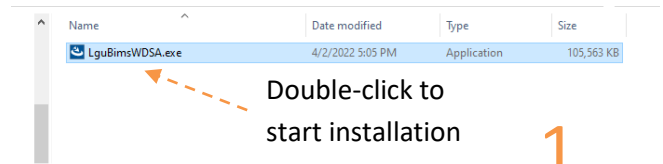

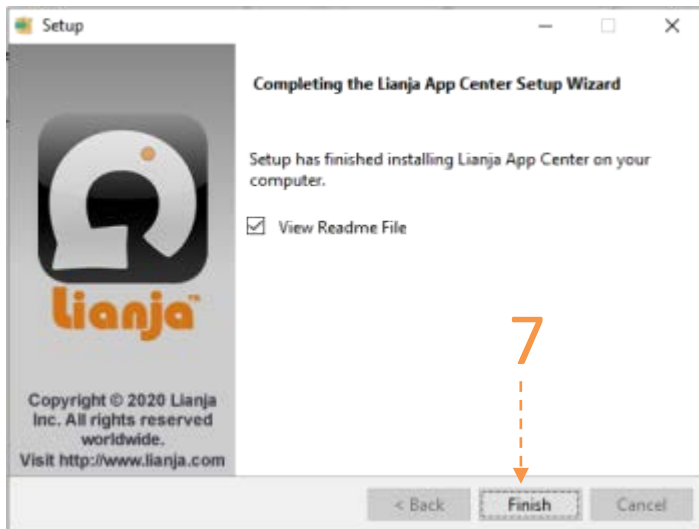

### Installation Files:

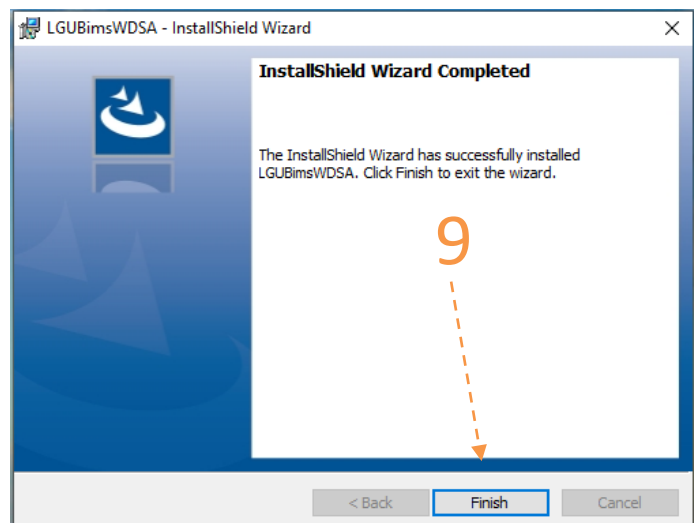

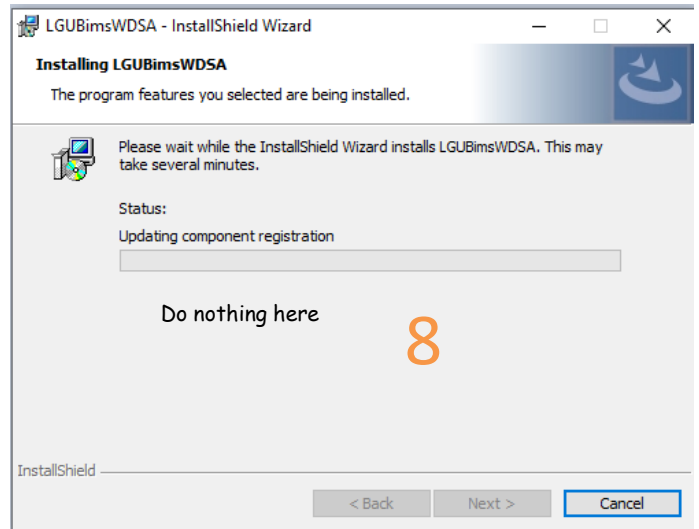

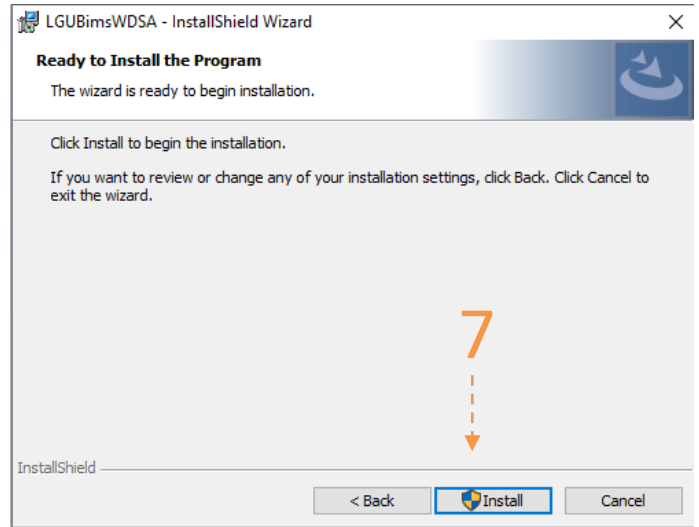

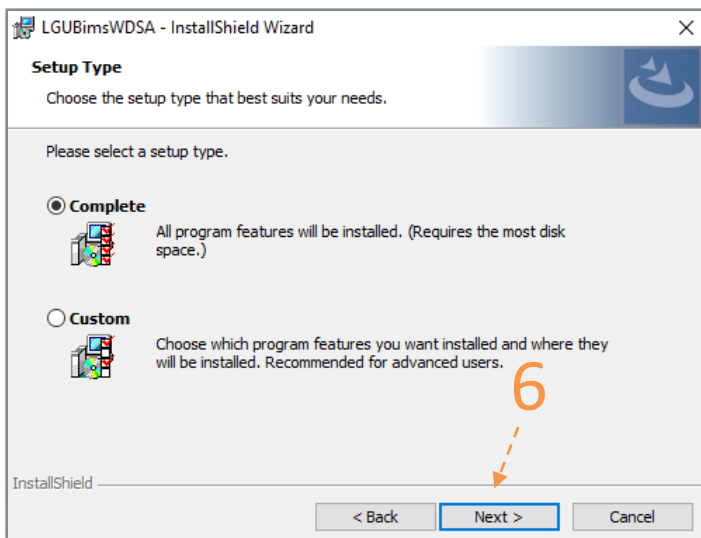

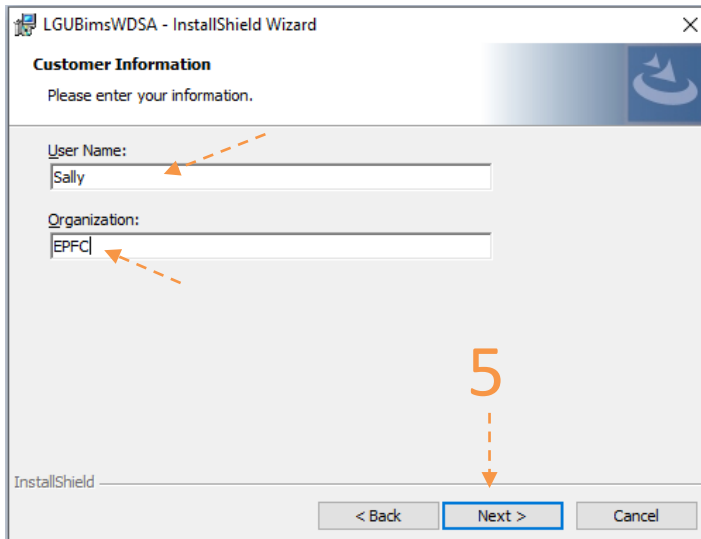

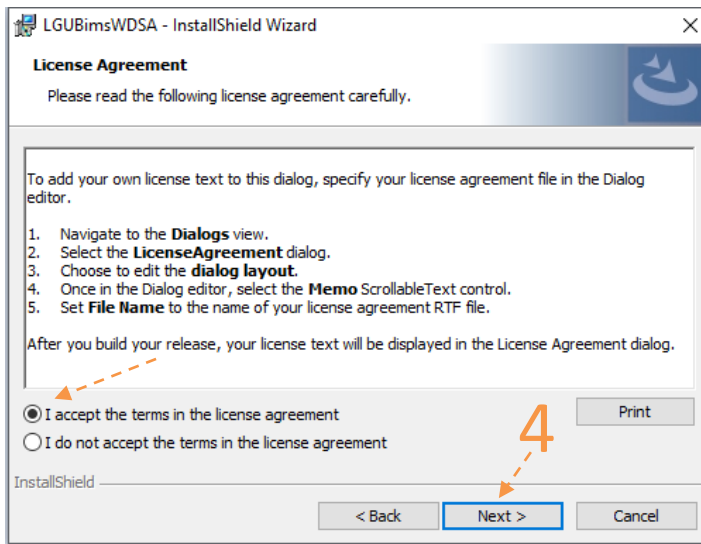

1. LianjaAppCenter-5.5.1-windows-installer.exe - - This is the first part of the installation, installing the Lianja App Center. The Lianja App Center is where all the apps will be displayed in a tiles format
2. LGUBimsWDSA.exe - - This is the second and last part, where the apps are built and coded. This software was developed based on Lianja App Builder 5.5.1.

Following are screen shots from start to finish of the installation process.

## Installation 2 of 2 (2nd Part: Bims App)

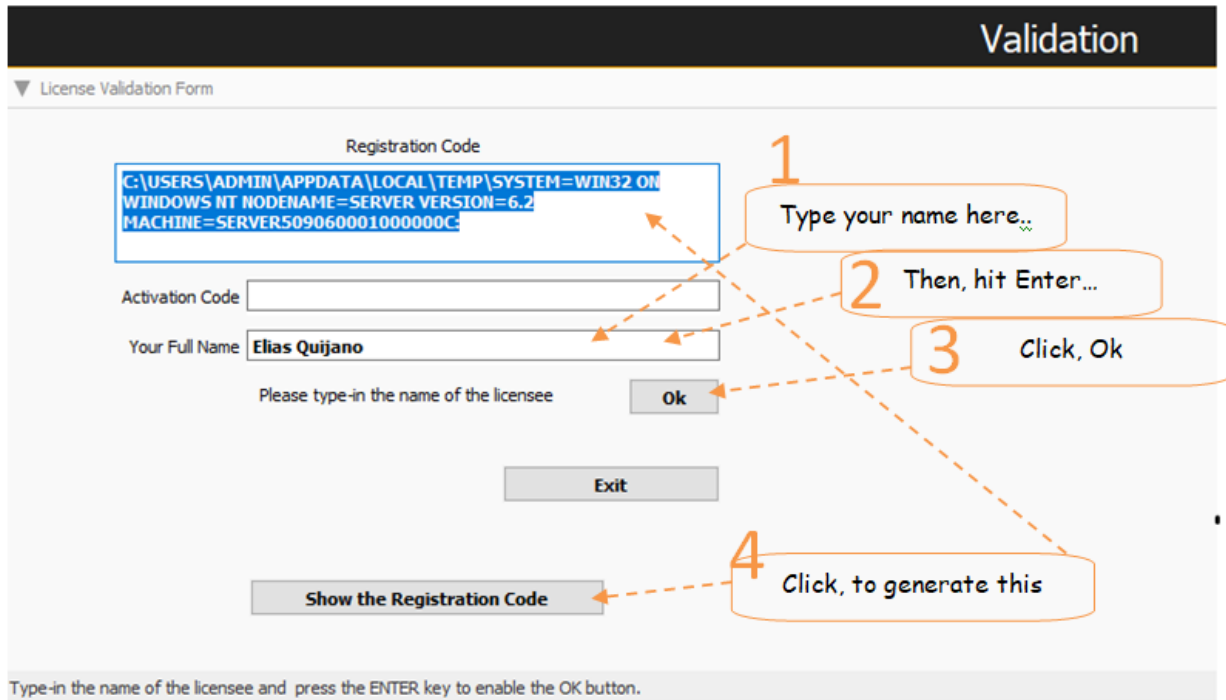

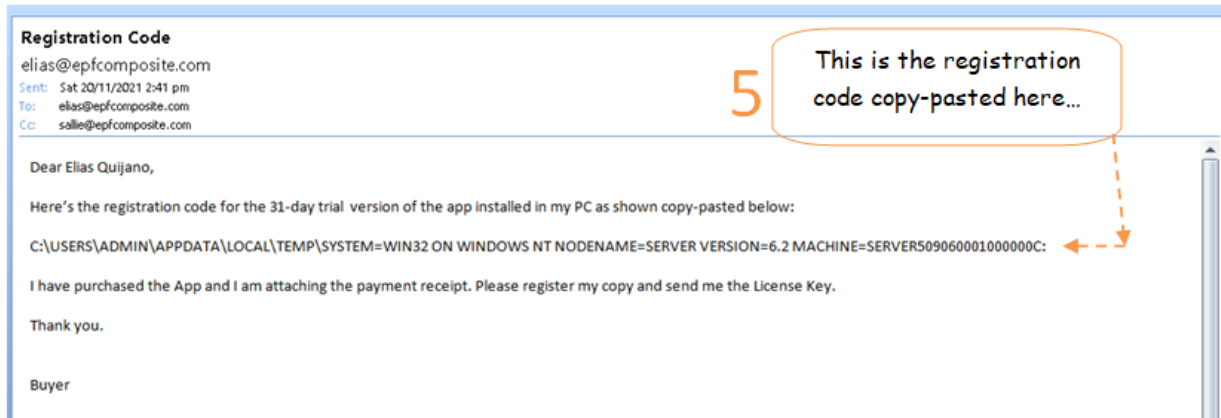

Congratulations! You have successfully completed the installation.

# How to activate LGU Bims App using the one-time License Key

1. From the App Center, run the validation App;

2. Create an email and copy-paste and send the registration code as shown below,

3. Upon receipt of your email, we will immediately put the one-time License key into the shipping package and copy it to the USB flask disk along with the other files (or email it to you if you buy it directly from the online store), hence the files in the USB flash disk are as follows:
  1. *BimsWDSA.exe* (Setup file for the Bims App) – this is your backup copy.
  2. *LianjaAppCenter-5.5.1-Windows-Installer.exe* (Setup file for the Bims Windows Platform)
  3. *Bims\_app\_abstract.pdf* (an abstract for Bims App)
  4. *Bims\_readme\_installation\_setup.pdf* (Installation Instructions) - please read before installing!
  5. *License\_key.txt* (your Bims App License Key. Or, it may be sent to you by email or other means available.)
4. We will Ship the package thru our shipping provider.

5. Run the VALIDATION app from the Lianja App Center. If you have any doubt or questions, please feel free to email us or PM us in my facebook account 'Elias Quijano', or by mobile phone: 0917-179-9307.

The screenshot shows a 'License Validation Form' with the following fields and buttons:

- License Key:** A text box containing masked characters (\*\*\*\*\_\*\*\*\*\_\*\*\*\*\_\*\*\*\*\_\*\*\*\*\_\*\*\*\*).
- Your Full Name:** A text box containing 'Elias Quijano'.
- Buttons:** 'Activate', 'Exit', and 'Ok'.
- Text:** 'Please type-in the name of the licensee'.

Annotations on the screenshot:

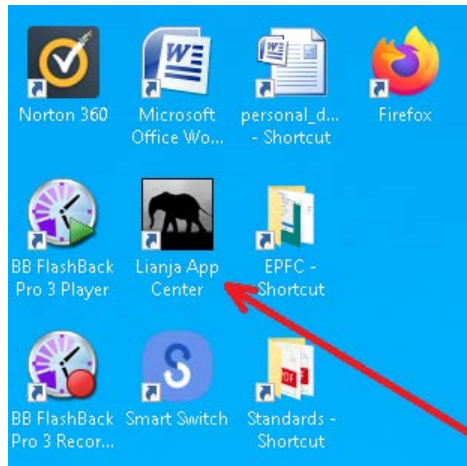

- 6:** A callout box pointing to the License Key field with the text: "Copy-paste the License Key found in the USB flash disk, from the file License\_key.txt...".
- 7:** A callout box pointing to the Activate button with the text: "Click 'Activate' button. You will be prompted successful if the License Key matches the registration code of the PC running it."

At the bottom of the form, there is a small instruction: "Type-in the name of the licensee and press the ENTER key to enable the OK button."

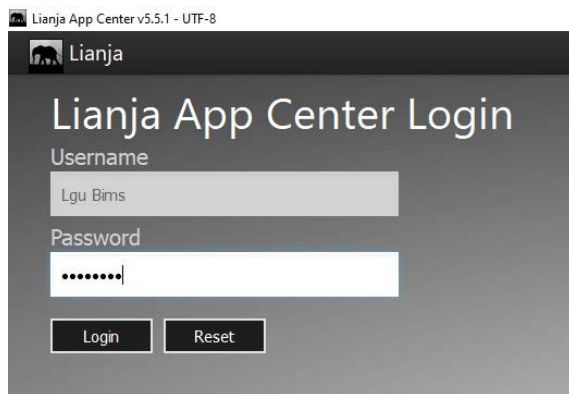

6. Congratulations! All the apps are activated!

## How to Run the LGU Bims App

1. From your Windows desktop, click the Lianja App Center icon;

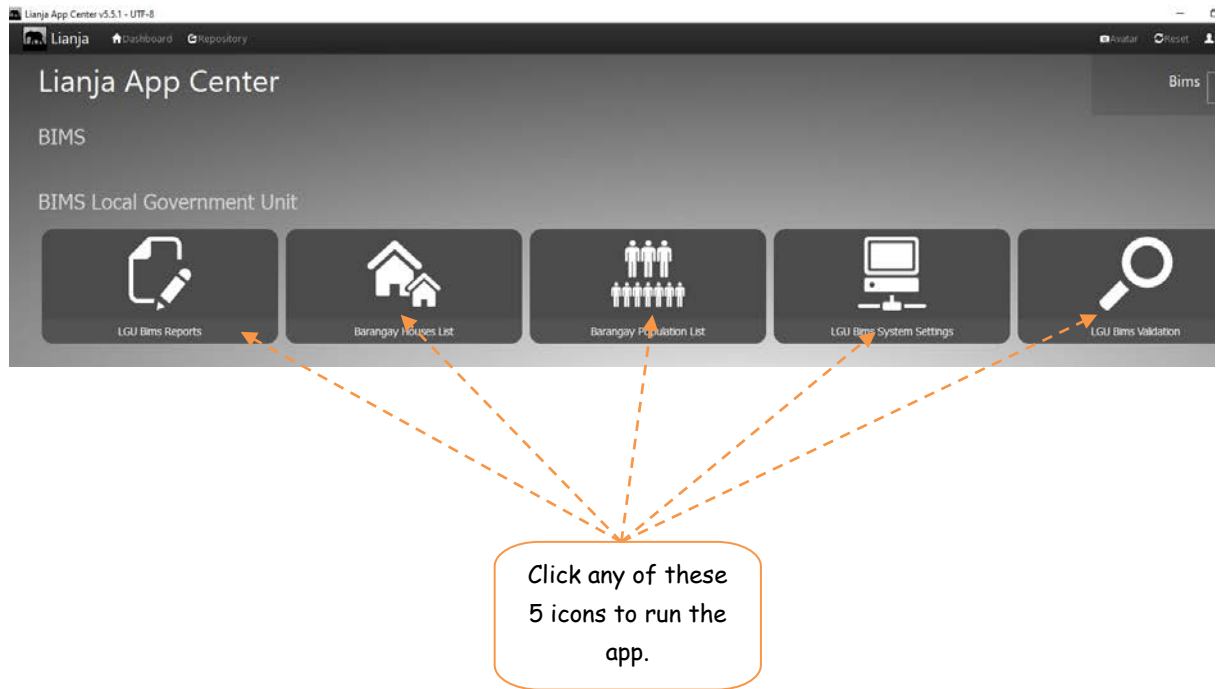

2. The Lianja App Center Login displays, Username: "Lgu Bims"  
Password: "Lgu\_Bims"  
Then, click the Login button;

3. The App Center displays as shown below,

4. To run any of the 5 apps, click the corresponding icon. For example, you want to run the Barangay Population App, click its icon,

**Important:**

To Delete, or Edit, or do any action that would require authorization code, the Authorization Code is "12345"

## How LGU Bims App Works

Consolidates data from its constituent-barangays

Once Barangay houses and its House-occupants are encoded in the Bims System at the Barangay Level

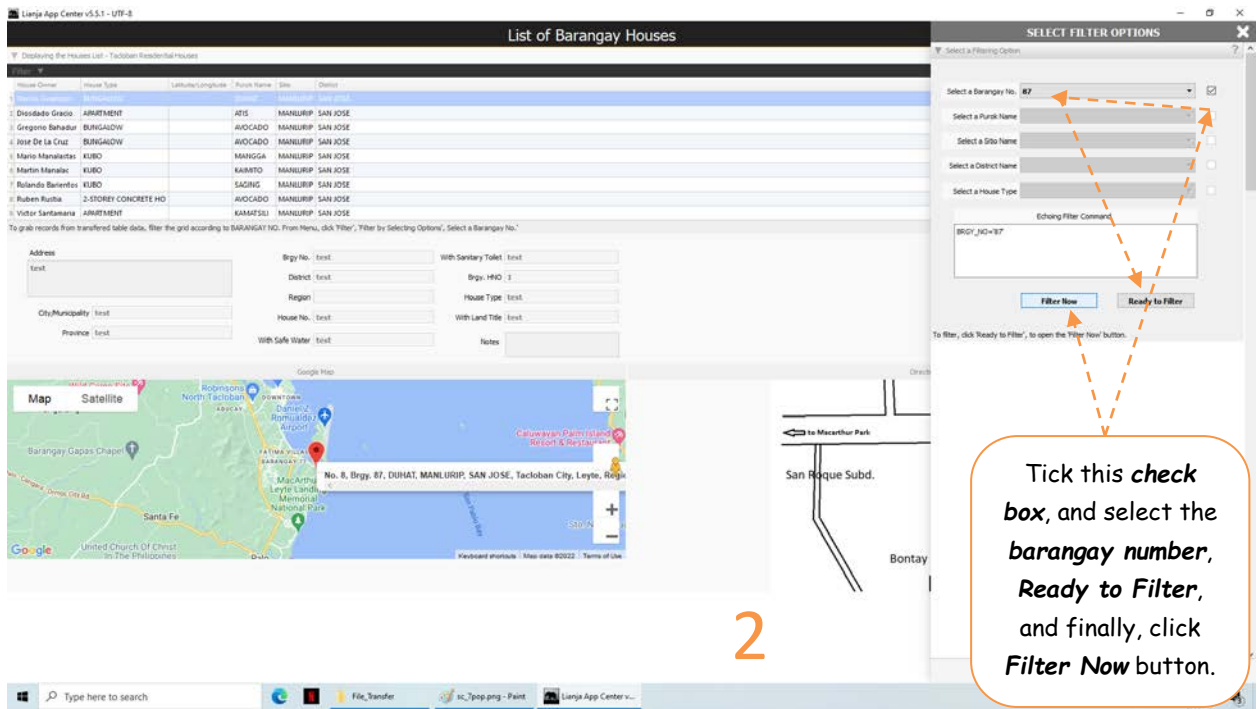

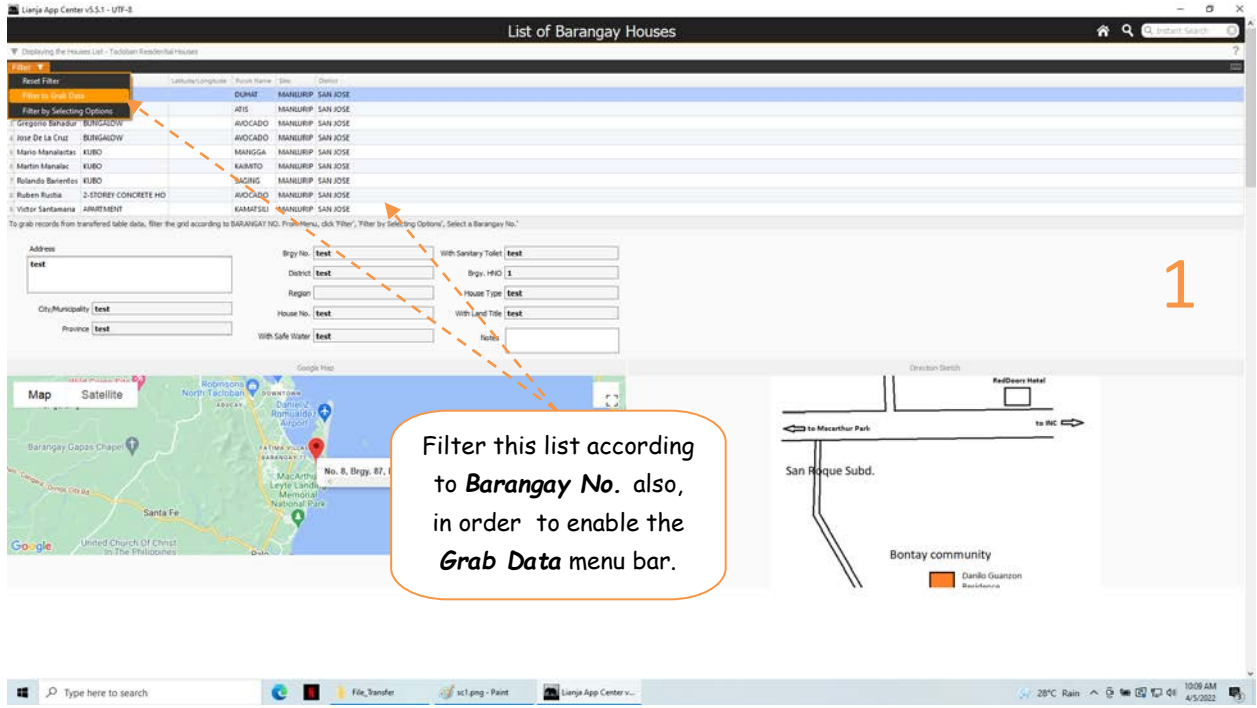

At any time, the barangay may send its captured data to its mother LGU (Municipality or City), in 2 ways:

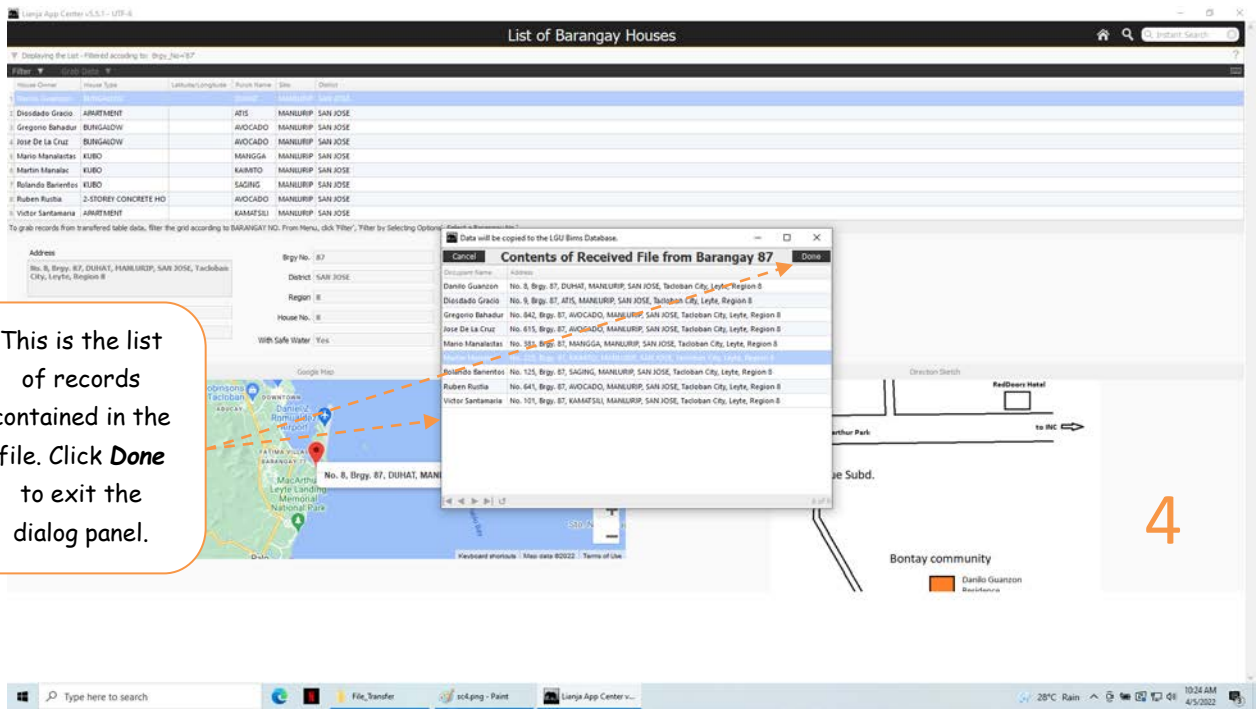

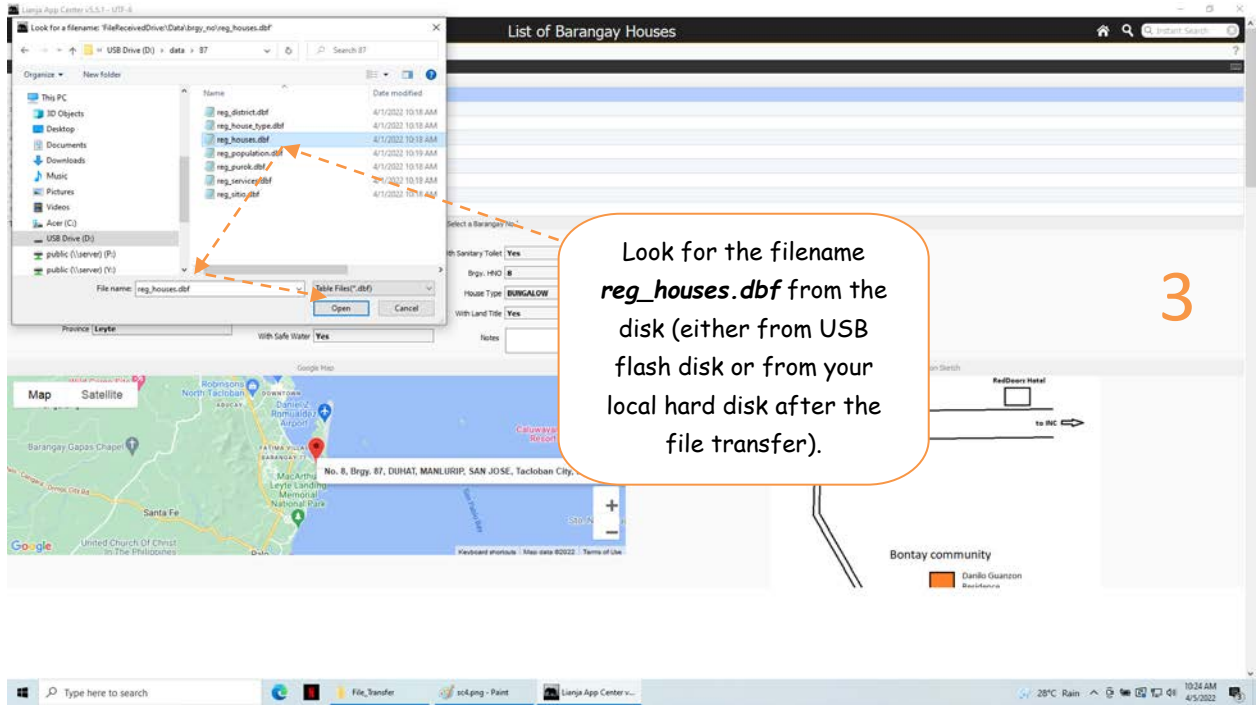

1. Transfer of specific files to a Folder to a disk;
2. The disk could be a USB flash disk or to your local PC hard disk;
3. From the USB flash disk, you can ship physically by hand to the mother LGU;
4. If internet connectivity is available, file transfer can be easily done via the free technology of Google Drive;
5. At the mother LGU, you run the **Barangay House List** app from the App Center;

Click **Barangay House List** app.

Copying record #: 2, Services Name: VACCINATION ROLL-OUT

House Name	House Type	Latitude/Longitude	House Name	Distric
Daniela Guzman	BUNGALOW		DUHAT	MANLURIP SAN JOSE
Diosdado Grado	APARTMENT		ATIS	MANLURIP SAN JOSE
Gregorio Bahador	BUNGALOW		AVOCADO	MANLURIP SAN JOSE
Rose De La Cruz	BUNGALOW		AVOCADO	MANLURIP SAN JOSE
Mario Manalastas	KUBO		MAINGGA	MANLURIP SAN JOSE
Martin Manabat	KUBO		KABITO	MANLURIP SAN JOSE
Rolando Bantolos	KUBO		SAGING	MANLURIP SAN JOSE
Ruben Rutila	2-STORY CONCRETE HO		AVOCADO	MANLURIP SAN JOSE
Victor Santamaria	APARTMENT		KAMATSI	MANLURIP SAN JOSE

Address: No. 8, Brgy. 8Z, DUHAT, MANLURIP, SAN JOSE, Tacloban City, Leyte, Region 8

Brgy No. 8Z, District SAN JOSE, Region 8, City/Municipality Tacloban City, House No. 8, House Type BUNGALOW, With Sanitary Toilet Yes, Brgy. HHO, House Type BUNGALOW, With Land Title Yes, Notes

This is the updated records after the copying process for the Houses List table.

5

You will know that copying is going-on, thanks to this message box here.

Silently in the background, it checks for the files: *reg\_purok*, *reg\_sitio*, *reg\_district*, *reg\_services*, and *reg\_house\_type*. If it exists on the transferred files, it updates the corresponding tables in the local database.

From the list that was displayed earlier, it goes record-by-record and check for duplicates. If it finds one, it will replace the old one with the new one. If the record does not exist, it appends a new record in your list.

6. Next, from the App Center, run the *Barangay Population List*:

Lianja App Center

BIMS

BIMS Local Government Unit

LGU Bims Reports

Barangay Houses List

Barangay Population List

LGU Bims System Settings

LGU Bims Validation

Click *Barangay Population List* app
